DeRoyal®

Solidifier

Disposable

DeRoyal SURGI MATE SURGICAL ACCESSORIES®

IMPORTANT
Read carefully and completely before using.

INTENDED USE
DeRoyal solidifier is used to quickly and completely solidify blood and body fluids for disposal.

INDICATIONS
This solidifier is for use in the O.R., E.R., special care units and patient care rooms to facilitate the safe handling of liquid waste.

WARNINGS
Read entire label and MSDS prior to use of this product.

DIRECTIONS FOR USE
Dissolvable Pouches
1. Practice universal precautions. Wear gloves and eye protection when handling infectious waste.
2. Open pour spout on suction canister.
3. Place entire pouch inside canister. This solidifier is a dissolvable pouch. It is not necessary to open the pouch.
4. Close pour spout and allow DeRoyal's Solidifier to gel.
5. Fast-acting polymers do all of the work, no shaking required.
6. Dispose of waste in accordance with Federal, State and Local regulations.

Single-Use Bottles
1. Practice universal precautions. Wear gloves and eye protection when handling infectious waste.
2. Open pour spout on suction canister.
3. Unscrew lid on Solidifier bottle or remove blue tip from Solidifier cap.
4. Pour Solidifier into canister and allow Solidifier to gel.
5. Fast-acting polymers do all of the work, no shaking required.
6. Dispose of waste in accordance with Federal, State and Local regulations.

Multi-Use Bottles
1. Practice universal precautions. Wear gloves and eye protection when handling infectious waste.
2. Open pour spout on suction canister and remove blue tip from Solidifier cap.
3. Pour Solidifier into suction canister using the scale on the side of the bottle to determine how much Solidifier to use.
4. Allow Solidifier to gel.
5. Fast-acting polymers do all of the work, no shaking required.
6. Re-cap multi-use bottle using blue tip provided.
7. Dispose of waste in accordance with Federal, State and Local regulations.
