

Cotton Twill Wipe

DERTEX™

Natural Cotton Twill “Jean Cloth”

DERTEX™ Cotton Twill “Jean Cloth”, is a strong, double-sided twill weave that is bias cut to offer superb strength and durability. This natural fiber product is manufactured with long staple cotton fibers to produce a very low lint wipe.

DERTEX™ Twill “Jean Cloth” provides durability, high absorbency and heat resistance.

Minimizes contamination with low-lint surface and bias cut edges.
