

DORSAL NIGHT SPLINT

Single Patient Use Only

Rx Only

IMPORTANT INFORMATION

Please read all instructions, warnings, and precautions before use. Correct application is essential for proper functioning of product.

INTENDED USE

Plantar fasciitis (inflammation of the thin layer of deep fibrous tissue that connects to the heel bone); Achilles tendonitis; Tendonitis; Drop foot; Post-static pain

CONTRAINDICATIONS

Plantar flexion contractures greater than 10°;
Severe spasticity

WARNINGS

Do not walk or place weight on the foot while using this splint without consulting your physician. Non-skid tread on bottom allows for safe minimal ambulation when necessary. This product is not designed for walking outdoors or on slippery, uneven surfaces.

PRECAUTIONS

This product is to be fitted by a physician (or properly licensed practitioner) who is familiar with the purpose for which they are responsible. The physician or practitioner is responsible for providing wearing instructions and precautions to other healthcare practitioners or healthcare providers involved in the patient's care as well as the patient. Consult your physician (or properly licensed practitioner) immediately if you experience sensation changes, unusual reactions, swelling or increased pain while using

this product. Follow the instructions of your physician (or properly licensed practitioner) for length and duration of use.

INSTRUCTIONS FOR USE

1. Release hook closures on toe and calf straps.
2. Place foot into splint by sliding toes through elastic piece on the bottom (the rigid plastic body should be placed on top of the foot).
3. Secure toe strap using hook closures over the top of the foot.
4. Wrap calf strap behind the leg and secure snugly with hook closures.

CARE INSTRUCTIONS

Hand wash with mild detergent and cold water.
Air dry.
