INTENDED USE

The DeRoyal Fall Mat is intended to help provide protection to the patient in the event of a fall from a bed, wheelchair, gurney or recliner.

PRECAUTIONS

This product is to be used by a physician (or properly licensed practitioner) who is familiar with the purpose for which it is intended. The physician or practitioner is responsible for providing instructions and precautions to other healthcare practitioners or healthcare providers involved in the patient's care as well as the patient. Follow the instructions of your physician (or properly licensed practitioner) for length and duration of use.

WARNINGS

It is critical that the embossed, shiny surface faces out when the mat is rolled up to protect product integrity.

The manufacture does not claim that this device will protect any and all injuries sustained in the event of a fall.

INSTRUCTIONS FOR USE

1. Place a fall mat on the floor beside the bed. If using two mats, place one on either side of the bed.
2. Make sure the fall mats are placed adjacent to the length of the bed so there is no exposed floor between the bed and the mat.
3. When transferring a patient from the wheelchair

to the bed, make sure the wheels roll up onto the beveled side of the mat.

4. To store the fall mat, flip the mat over on the floor so that the embossed shiny side of the mat is facing the floor. Take one end of the mat and roll it tightly.
